

## **STRIVE TO EXCEL - Application Process**

Hilton Head High School, 70 Wilborn Road  
Hilton Head Island, SC 29926  
843-689-4938

Students that want to apply to the S2E program must complete an application completely. This application consists of this page of application process, application form with 3 recommendation forms, code of conduct and permission slip.

Students should immediately take the recommendation forms to the three people they want recommendations from. These forms must be:

One (1) recommendation from a parent or guardian

Two (2) recommendations from someone who knows the student from his/her school experience (such as a teacher, counselor, coach, school nurse, principal etc..)

The recommendation from the parent or guardian must be attached to the student's application. The other recommendations should come to the Strive to Excel office in sealed envelopes. They are to be dropped off or mailed at the address above to the Attn: Tim Singleton Room A109.

The student should complete the application completely and honestly. The application should represent you as you are at this time in your life. Please print in dark blue or black ink – not pencil. The student needs to attach the three page application along with the parent recommendation form. Please staple the documents to insure they do not get separated and lost.

The student must read and understand and then sign the code of conduct form. The students parent/guardian must also sign this document. It is to be stapled to the application.

The student must also complete a Permission Slip. This slip enables students to go on S2E events such as college visits etc. The form needs to be filled out completely and stapled to the application as well. This form is not to be confused with the high school's permission slips. The high school permission slip is for students that take field trips during school hours and it contains teacher signatures approving the student to miss class for a particular day.

### **APPLICATION CHECK LIST:**

- (\_\_\_\_) Application completed by student and signed by student and parent/guardian
